*"Be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear." I Peter 3:156*

## Students:

We continue with continuous learning. The help of our homes is very much appreciated. Please stay in touch with the school if there is any way we can help.

Exams have been cancelled for this spring. Seniors last day of continuous learning is scheduled for May 8. Freshmen through juniors will continue through May 15.

Monday, May 11, will be a designated day for seniors to return library books, textbooks, and to clean out their lockers. Freshman through juniors may do so on Monday, May 18. If neither of these dates work, please call the office to set up an alternate time.

We plan to continue with school devotions on Moodle through May 15. Remember, it is Trinity's home page, then links, and then Moodle.

Concerning graduation, after consulting with parents of seniors, it was decided that we will have a physical, and not a virtual, graduation. As per the date, no decision has been made to change the date from May 18. It is felt it is too early to change and pick an alternate date. As more information becomes available in the coming days about a timeline for opening things up again, the situation will be monitored carefully.

## General:

A part-time math/technology position has been offered to Mr. Westra. We pray the Lord make His will plain as Mr. Westra considers this.
